To: Windmill Enterprises, LLC.

From: Lester Prairie Sportsmen's Club

Date: August 16, 2017

Subject: Reference Letter to Windmill Enterprises

To whom it may concern:

On behalf of the Lester Prairie Sportsmen's Club and all of its members, it is with great pleasure to provide a high recommendation to Windmill Enterprises for their services. As with any new large project, we were very apprehensive up front with the expectations between our club and Windmill Enterprises. Arjan was very clear up front on what we were to expect for his services. True to his word, Arjan and his team went above and beyond all hopes that our club had for this project. Not only did work diligently to remove the shot from our grounds, they were completely transparent with the work being done and the weights coming back from the smelters, provided working flexibility during our normal hours of operation, conducted completely professional conversations with members of our club and left our grounds in much better condition than expected. Most importantly, payment was received within a week of Windmill Enterprises finishing our project.

It is with the highest regard that the Lester Prairie Sportsmen's Club states that Windmill Enterprises LLC is the company for your shot removal. Our club is now better for having worked with Arjan and his team of professionals!

Sincerely,

Kyle Horsman – Director
